#### Infra structure and other Activities:

The parents have given valuable feedback to the college and they are found to be useful to the college. The parents were extremely pleased with the admission procedure. They found the procedure to be user-friendly. Some parents felt that the admission in-charges should be more helpful with their queries. Almost all of them were happy with the canteen and the store. A few expressed their concern about the quality of the toilets. The parents were enquired about their involvement with their children. It was shocking to know that most of them are not sure of what is the relationship with their children. The parents were delighted with the condition of the laboratory and the classrooms. They were also happy about the co-curricular activities of the college and they expected the activities not to diminish. They felt that the student activities in the campus are organized in a very good manner. However some felt that all the students must be accommodated in such activities. Overall the parents were happy with the infrastructure and their children's activities in the college.

#### Curriculum/Syllabus:

The library facility in the campus is found to be very useful to the students. Few parents felt that the students do not use the facilities properly and they requested the teachers to encourage the students to use the library. Some parents felt that regular classroom mode of learning to be better than the e-learning. But some of them are satisfied with the e-learning methods taken up by the teachers to improve the quality of education. The parents are delighted to know that innovative teaching methods are used to get good results of academic achievements from the students. The placement counselling offered by the college is found satisfactory by the parents. The placement drive and the campus placements organized by the college is appreciated as it highly benefited the students. The parents found the feedback facilities as a significant measure taken by the college and they were glad to contribute to it.

**1. Infrastructure**

The conditions of the toilets was found to be a main issue as expressed by the parents in case of infrastructure and so plans are made to and maintain them properly and to make the students understand to keep their space clean. Another important concern found in the feedback is the relationship between the parents and their children. Students are encouraged to have a cordial and warm relationship with their parents. This will help themselves to enrich their life in a positive way. Plans were made to make the admission process easier for the students.

**2. Curriculum:**

The teachers are made to converse with the students about the importance of library and their role in quality education and encourage the students to make use of the library through it. As e-learning is not found to be helpful for some students, the teachers are advised to use new innovative methods to engage such students in the class. Assignments and projects are made to be innovative for the students to improve in academically and to help them to enjoy the learning process. In this way, the academic performance of the students can also be improved effectively
