

## ST. JOHN'S COLLEGE, PALAYAMKOTTAI -2

Estd. 1878

Feedback from Parents 2018 - 2019.

Dear Parents,

St. John's College, established in the year 1878, has completed 140 years of service in the cause of higher education with the status of a first grade post graduation institution. The institution's focus is confined to the overall development of the student's proficiency in the respective departments. This Feedback is intended to seek information from parents whose supportive suggestions, it is believed, will not only strengthen the facilities of the campus but also enhance the quality of education of which, the students are a part.

### Feedback from Parents on Curriculum 2017-2018

#### I- BCA

No of Response -03

Course Name - RDBM

#### Curriculum/Syllabus:

The parents of the students were motivated by the facilities that the library offered for the students. The college also offered a digital library for the welfare of the students. The parents were satisfied with the academic performance of their children and appreciated the efforts and methods taken by the college for their better understanding. Regular tests, assignments, internals, and seminars that were conducted to monitor the execution of teaching methods were appreciated. As an affiliated college, the implementation of internal tests was according to the guidelines of the university. They applauded the idea of receiving feedbacks from the parents. They praised the active role of the Career Counselling and Placement Cell for creating various openings for the students through campus interviews and drives and ensuring them with a job by the end of their course.

#### Infra structure and other Activities:

The feedback collected from the parents of the students, it is noted that the admission procedure has received appreciation. The infrastructure fulfilled the expectation of the parents from the college. There was a better rapport maintained between the parents and their children. They were satisfied by the facilities available in the college such as canteen, restrooms, corporate rooms, and lounges. The parents also observed a few other new buildings as well and encouraged the management to do more for the benefit of the students. The co-curricular activities also got their attention. The lifestyle and personality of the students developed through forming of committees.

#### **Action Taken Report**

#### **1. Curriculum:**

The feedbacks collected from the parents of the students concerning the infrastructure of the campus are given here. They marveled at the massive collection of books in the library and so, wanted the organization to provide online learning facilities for improved learning outcome. The food in the canteen was highly respected but they requested to provide purified drinking water in the canteen. In order to maintain hygienic conditions within the campus, the toilets needed regular maintenance. They also suggested that the college has to advance the playgrounds for the sake of athletes. New rooms were allotted for NCC and NSS students to encourage their participation in various co-curricular activities.

#### **2. Teaching learning Methods:**

To strengthen the academic fort of the college, the library has provided access to e-sources and international journals. Along with this, remedial coaching classes were conducted to the students who had low score in their respective subjects. These classes had a number of revisions and tests to help the students. As a part of the plan, the students who had scored good marks were made to train the slow learners enhancing their academic betterment. This leveled the relation among the students to look at life beyond differences. The students were allowed to redo their lab sessions if they gave proper reasons for their absence. Students were given essential academic counselling to build their mental and academic condition.

### **Action Taken Report**

#### **1. Curriculum:**

The parents of the students offered a few suggestions to transform the infrastructure of the campus further. They appreciated the vast and rare collection of book in the library and so, wanted the administration to provide online learning facilities for desired learning outcome. The taste of the food in the canteen was highly praised but they requested a water purifier to be fixed in the canteen to health and hygiene students. The toilets here are enough but they need to ensure regular maintenance as well. To encourage extracurricular activities, the college has to advance the playgrounds for the sake of sports loving students. As per the received suggestions, rooms were allotted for NCC and NSS students to ensure their involvement in co-curricular activities.

#### **2. Teaching learning Methods:**

The administration of our college assured the accession of e-sources and several other collections of national and international journals through the library. Based on the feedbacks received from the parents, the remedial coaching classes were conducted on the campus. These classes provided a number of revisions and tests to help the students improve their academic score. In addition to this, the students who had scored remarkable marks were made to tutor their slow learning classmates. Along with this, they were counselled to prove their academic excellence.

### **Action Taken Report**

#### **1. Curriculum:**

The parents who felt blessed by the education their children received from this college offered a few suggestions to improve the infrastructure of the campus. They appreciated the library for its age old collection and wanted the management to provide e-learning facilities for better outcome. The quality of the food in the canteen was applauded but they requested a water filter to be fixed in the canteen for the students. The toilets here are enough but they require proper maintenance. To encourage extracurricular activities, the college has to upgrade the playgrounds a step ahead. To support co-curricular activities, rooms for NCC and NSS should be allotted.

#### **2. Teaching learning Methods:**

The library has provided access to e-sources and a wide collection of journals. In accordance with the proposed remedial coaching classes, these classes rendered a number of revisions and tests to assist the students. Besides this, the students who had scored good marks were made to coach their fellow slow learners. Lab classes were allowed to be conducted again for students who had valid reasons. Apart from this, they were counselled to reach great heights academically.

## ST. JOHN'S COLLEGE, PALAYAMKOTTAI -2

Feedback from Parents 2018 - 2019

BCA.

Dear Parents,

St. John's College, established in the year 1878, has completed 140 years of service in the cause of higher education with the status of a first grade post graduation institution. The institution's focus is confined to the overall development of the student's proficiency in the respective departments. This Feedback is intended to seek information from parents whose supportive suggestions, it is believed, will not only strengthen the facilities of the campus but also enhance the quality of education of which, the students are a part.

### Infra structure and other Activities:

As per the feedback received from the parents of the students, it is observed that the admission procedure has received appreciation. The infrastructure satisfied the expectation of the parents. This led to a better relationship between the parents and their children. They were satisfied by the college's canteen, restrooms, corporate rooms, and lounges. Apart from this fundamental facility, the parents also observed a few other buildings as well and appreciated it. The co-curricular activities also got great respect from them. Various cells and committees were made available on the campus to uplift the lifestyle and personality of the students.

#### Curriculum/Syllabus:

The facilities offered by the library for the students were cherished by the parents. The college also offered a computerized library for the benefit of the students. The academic performance of their children and the efforts and methods taken for the better understanding were esteemed by the parents. Periodical tests, assignments, internals, and seminars were conducted to monitor and to bring out the inherent talents of the students in a better way. The implementation of internal tests was according to the guidelines of the university. They applauded the idea of receiving feedbacks from the parents. Career Counselling and Placement Cell was honored for creating various openings for the students through campus interviews.

#### **Action Taken Report**

##### **1. Curriculum:**

The feedbacks collected from the parents of the students concerning the infrastructure of the campus are given here. They marveled at the massive collection of books in the library and so, wanted the organization to provide online learning facilities for improved learning outcome. The food in the canteen was highly respected but they requested to provide purified drinking water in the canteen. In order to maintain hygienic conditions within the campus, the toilets needed regular maintenance. They also suggested that the college has to advance the playgrounds for the sake of athletes. New rooms were allotted for NCC and NSS students to encourage their participation in various co-curricular activities.

##### **2. Teaching learning Methods:**

The administration of our college assured the accession of e-sources and several other collections of national and international journals through the library. Based on the feedbacks received from the parents, the remedial coaching classes were conducted on the campus. These classes provided a number of revisions and tests to help the students improve their academic score. In addition to this, the students who had scored remarkable marks were made to tutor their slow learning classmates. Along with this, they were counselled to prove their academic excellence.

#### Curriculum/Syllabus:

The parents of the students were motivated by the facilities that the library offered for the students. The college also offered a digital library for the welfare of the students. The parents were satisfied with the academic performance of their children and appreciated the efforts and methods taken by the college for their better understanding. Regular tests, assignments, internals, and seminars that were conducted to monitor the execution of teaching methods were appreciated. As an affiliated college, the implementation of internal tests was according to the guidelines of the university. They applauded the idea of receiving feedbacks from the parents. They praised the active role of the Career Counselling and Placement Cell for creating various openings for the students through campus interviews and drives and ensuring them with a job by the end of their course.
